Wednesday, 4 November 2026

16:30 - 18:00 | Brussels time

The European Union AI Act responds to the profound changes AI brings to workplaces and society. Join us to explore current achievements and rapidly emerging challenges.

INTRODUCTION

Rev. Frank-Dieter Fischbach

General Secretary, Conference of European Churches

SPEAKERS

Irina Orssich

European Commission
AI Act Governance and Regulatory Policy

Jan Penfrat

Senior Policy Advisor, EDRi
(European Digital Rights), a civil society organisation

The presentations will be followed by a question and answer session with the speakers, moderated by the CALL team.

Further webinars in 2027 will lead towards a conference later that year, exploring AI energy consumption, changes in social relations and other issues raised by the technology.
